

# Information Sheet

## Fixed Wing Qualification for below 7kg

### Additional Category Aeroplane (Fixed Wing) Variation to Existing Licence

Thank you for your enquiry re the fixed wing qualification.

If you have had **significant experience** or **have had a number of hours** on fixed wing model aircraft, you will only need;

1. A 1-2-hour night theory class, using the new CASA certified curriculum theory material.
2. A practical assessment on the field, on the following day, weather permitting.

Students may use their own fixed wing aircraft or use ours.

For those with **no experience**, please contact the Chief Remote Pilot on M: 0402 755 642 to discuss.

#### When, Where, Dates

**Night theory** classes will be held **monthly** on **Tuesdays at 6:30pm** at 10 Eagle Drive, Jandakot Airport

(Minovation Flying School building which is opposite the Royal Flying Doctor Services building).  
The new CASA certified curriculum theory material is used.

#### 2019 dates for the 1-2-hour night theory;

- May 7,
- June 11,
- July 16,
- August 13,
- September 10,
- October 15,
- November 12,
- December 10.

The **practical field assessment** will take place on the afternoon of the following day (weather permitting), at Sutherlands Park, Huntingdale (corner of Southern River Road & Gay Street. Use entry off Gay Street).

This assessment coincides with our normal field training for our 5-day RePL training course students.

#### Cost

\$640 which includes GST & the CASA fee of \$40.
